Using Google Assistant

Download Google Assistant > Sign into your Google account > Voice control > Search for 'Tuya Smart' > Assistant > Home control > DEVICES > Tap '+' > Add devices > Download Google Assistant > Sign into your Google account > Tap "Assistant" > Voice control > Search for 'Smart Life' or 'AUKEY Home' > Add device > Sign into your AUKEY Home account. Then follow the instructions 1 and 2 in 'App Control' above. Then follow the instructions 3 to 6 in 'App Control' above. Then follow the instructions 3 to 6 in 'App Control' above.

Using Amazon Alexa

Download 'AUKEY Home' APP > Go to "Skills & Games" > Search for 'smart life' or 'AUKEY Home' > Click "Enable" > Sign into your account. Connect the lamp to an Alexa device. You can control the lamp using Alexa voice commands now. Some Alexa voice commands are listed below:

- Alexa, turn on [lamp name].
- Alexa, turn off [lamp name].
- Alexa, set [lamp name] to [color temperature].
- Alexa, set [lamp name] to [brightness].
- Alexa, make [lamp name] white.
- Alexa, set [lamp name] to daylight.
- Alexa, set [lamp name] to blue.
- Alexa, set [lamp name] to 25/50/75/100 percent.

Product Care & Use

- To use app control and voice control functions, the lamp must be connected to the AUKEY Home app and appropriate voice assistant app.
- The color temperature of the light can only be adjusted via app or voice assistant.
- If the lamp is used in an environment where it could be exposed to high humidity, it is recommended to use a dehumidifier and maintain the moisture level in the environment.
- The touchpad is a sensitive component. Keep it away from static electricity.
- Switch off the lamp and unplug the power adapter before cleaning it when not in use for a long time.
- Clean the lamp with a soft, dry cloth.
